# Meat Birds

Minimum order quantities dependent on breed.

## Cornish Cross

*Best Seller!*

**Minimum 5 chicks per order.**

Due to their superior quality and the weights they can achieve, our fast-growing Cornish Cross chicks are a top seller. Our strain of Cornish Cross has been bred to hold their weight. This bird can be processed at different times to achieve a variety of market needs. Suitable for commercial meat production and backyard settings.

Sex	1-24	25-49	50-99	100-299	300+
St. Run	\$4.15	\$3.50	\$2.87	\$2.46	\$2.25
Male	\$4.50	\$3.95	\$3.45	\$2.85	\$2.58

*\$9.25 value*

*Ask The Owners*

**What percentage of protein should I feed my meat birds?**

Meat chicks grow best when fed 23% protein for the first 10 days, then 21% protein from day 11 to day 24. After day 25, an 18% protein feed provides what they need until market weight. If these birds are not fed enough protein early on, they will not fill out properly.

Cornish Cross Performance					
Weeks	Weight (lb)		Weeks	Feed Conversion	
	Roosters	Hens		Roosters	Hens
4	3.50	3.20	4	1.23	1.24
5	5.00	4.48	5	1.35	1.37
6	6.70	5.80	6	1.47	1.50
8	9.80	8.10	8	1.72	1.77
9-12	Dependent upon weights needed.				

## Red Sasso

**Minimum 15 chicks per order.**

A slower-growing alternative to the Cornish Cross, this bird is ideal for specialty markets and smaller operations. Their manageable size and natural growing schedule make them highly suitable for pasture-based systems. Alternative broilers are well-known for their rich, high-quality meat. Although they have darker feathers than white broilers, this breed plucks well for easy processing.

Growers can expect a conversion rate of 2.5 to 2.8 between 9 to 11 weeks of age. The Red Sasso can achieve a live weight of 5 to 6.25 lbs between 9 to 11 weeks.

Sex	1-24	25-49	50-99	100-299	300+
St. Run	\$4.15	\$3.50	\$2.87	\$2.46	\$2.25
Male	\$3.75	\$3.30	\$2.67	\$2.26	\$2.05
Female	\$4.15	\$3.50	\$2.87	\$2.46	\$2.25

## Grey Broiler Mix

**Minimum 25 chicks per order.**

Also known as Kosher King chickens or Royal Grey broilers, depending on the parent stock and hatchery used. This unique breed is growing in popularity among farmers and homesteaders alike. Grey Broiler chickens are moderate growers, yielding tender meat with an excellent flavor profile. This alternative meat bird has a beautiful black and white barred feather pattern, with some females presenting darker. This farm-to-table bird is hardy, resilient, and ideal to raise in any backyard setup.

The Grey Broiler Mix can reach a live weight of 5.78 to 7 lbs at the age of 9 to 11 weeks. Growers can expect a feed conversion ratio of 2.32 to 2.71 between 9 to 11 weeks.

Sex	1-24	25-49	50-99	100-299	300+
St. Run	\$4.15	\$3.50	\$2.87	\$2.46	\$2.25

## Red Bro

**Minimum 25 chicks per order.**

A moderate grower ideal for specialty markets. They are good foragers, handle cold weather well, and are usually calm. At 9 to 11 weeks, the Red Bro can reach a live weight of 5.97 to 7.31 lbs with controlled care. Feed conversion rate of 2.33 to 2.72.

Sex	15-24	25-49	50-99	100-499	500+
St. Run	\$4.70	\$4.45	\$3.30	\$2.60	\$2.40
Female	\$4.70	\$4.45	\$3.30	\$2.60	\$2.40

## Red Bro Yield

**Minimum 25 chicks per order.**

Ready for processing one week earlier than the Red Bro. The Red Bro Yield is highly suitable as a pasture-raised chicken. At 7 to 9 weeks, the Red Bro Yield can reach a live weight of 4.75 to 6.35 lbs with controlled care. Feed conversion rate of 1.97 to 2.3.

Sex	15-24	25-49	50-99	100-499	500+
St. Run	\$4.70	\$4.45	\$3.30	\$2.60	\$2.40

## Jackie

**Minimum 25 chicks per order.**

This heritage broiler is a slow to moderate grower. They are excellent foragers and are suitable for pasture. At 11 to 13 weeks, the Jackie can reach a live weight of 4.70 to 5.48 lbs with controlled care. Feed conversion rate of 2.72 to 3.12.

Sex	10-24	25-49	50-99	100-499	500+
Male	\$4.05	\$3.85	\$2.95	\$2.25	\$2.15

## Delaware Cross

*New for 2026*

**Minimum 25 chicks per order.**

Before the fast-growing Cornish Cross became the industry standard for broilers, the Delaware was the preferred meat bird. This dual-purpose cross has been bred to typically reach market size in 12–15 weeks, depending on conditions, with males averaging around 8.5 lbs and females about 6.5 lbs. It can also be kept for eggs, laying around 200–280 large brown eggs per year.

Sex	1-5	6-14	15-24	25-49	50-74	75-99	100+
St. Run	\$5.13	\$5.06	\$4.15	\$3.50	\$2.87	\$2.87	\$2.46
Male	\$4.48	\$4.38	\$4.15	\$3.50	\$2.87	\$2.87	\$2.46
Female	\$6.18	\$6.11	\$6.00	\$5.43	\$4.63	\$4.25	\$4.05

# Layers

**Minimum order amount of 15 chicks. Minimum of 5 females per breed. No minimum for roosters. Some layers may ship separately.**

## KEY

 Egg Color

 Dual-purpose

## Standard Breeds

### 1. Amberlink

Larger than the Red Sex Link. Produces large brown eggs. Excellent egg yield between 285-300 eggs per year. Roosters 4.25 lbs, hens 4 lbs.

### 2. Barred Rock

Produces large brown eggs. Roosters may be loud. Good egg yield between 200-280 eggs per year. Roosters 8 lbs, hens 6 lbs.

### 3. Black Sex Link

Produces large brown eggs. Excellent egg yield between 280-300 eggs per year. Roosters 8 lbs, hens 6 lbs.

### 4. Red Sex Link *Best Seller!*

Also known as ISA Brown, Golden Buff, Golden Comet, Cinnamon Queen, and Red Star. Produces extra-large brown eggs. Excellent egg yield between 285-300 eggs per year. Roosters 4 lbs, hens 3.5 lbs.

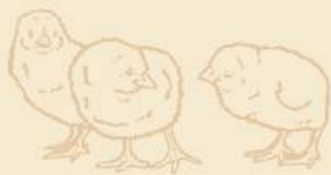

### 5. Rhode Island Red

Produces large brown eggs. Roosters may become aggressive. Good egg yield between 200-280 eggs per year. Roosters 8.5 lbs, hens 6.5 lbs.

### 6. White Leghorn

Popular breed and the top producer for extra-large white eggs. Excellent egg yield between 280-335 eggs per year. Roosters 6 lbs, hens 4.5 lbs. May be flighty.

Sex	1-5	6-14	15-24	25-49	50-74	75-99	100+
St. Run	\$5.23	\$5.20	\$5.12	\$4.58	\$3.59	\$3.19	\$3.05
Male	\$4.58	\$4.52	\$4.48	\$4.05	\$3.22	\$2.81	\$2.73
Female	\$6.28	\$6.25	\$6.15	\$5.60	\$4.75	\$4.35	\$4.15

## Rare Breeds

### 1. Americana

Produces green and blue eggs. Good egg yield between 200-250 eggs per year. Roosters 5.5 lbs, hens 4.5 lbs. Varying plumage.

### 2. Black Australorp

Produces large brown eggs. Good egg yield between 200-300 eggs per year. Roosters 8.5 lbs, hens 6.5 lbs.

### 3. Black Jersey Giant

Produces large brown eggs. Good egg yield between 150-260 eggs per year. Will go broody. Roosters 13 lbs, hens 10 lbs. A very large bird, but slow growing.

### 4. Buff Orpington

Produces large brown eggs. Good egg yield between 200-280 eggs per year. Roosters 8 lbs, hens 6 lbs. More likely to go broody.

### 7. Light Brahma

Produces large brown eggs. Good egg yield between 150-260 eggs per year. Can go broody. Hens 9 lbs, males 12 lbs.

### 6. Golden Laced Wyandotte

Medium to large brown eggs. Good egg yield between 200-300 eggs per year. Roosters 8.5 lbs, hens 6.5 lbs.

### 7. Silver Laced Wyandotte

Medium to large brown eggs. Good egg yield between 200-300 eggs per year. Roosters 8.5 lbs, hens 6.5 lbs.

Sex	1-5	6-14	15-24	25-49	50-74	75-99	100+
St. Run	\$6.04	\$5.89	\$5.71	\$5.05	\$4.28	\$3.75	\$3.36

## Premium Breeds

### 1. Asher Grey

Produces large brown eggs. Egg yield between 280-300 per year. Roosters 6 lbs, hens 5 lbs. Varying plumage.

### 2. Chocolate Egger

Produces large, dark chocolate brown eggs. Egg yield between 250-300 per year. Roosters 6 lbs, hens 5 lbs. Varying plumage. Feet may be feathered.

### 3. Mystic Marans

Produces large, dark chocolate brown eggs. Egg yield between 200-250 per year. Roosters 6.5 lbs, hens 5.5 lbs. Feathered feet.

### 4. Olive Egger

Large olive eggs, sometimes blue or tan. Excellent egg yield between 290-300 eggs per year. Roosters 7 lbs, hens 5.5 lbs. Varying plumage.

### 5. Plymouth Blue Rock

Larger than the Red Sex Link. Produces large brown eggs. Excellent egg yield between 285-300 eggs per year. Roosters 4.25 lbs, hens 4 lbs.

### 6. Sapphire Sky

Produces large olive green eggs, sometimes tan. Good egg yield between 250-260 eggs per year. Roosters 6.5 lbs, hens 5.5 lbs. Varying plumage.

### 7. Easter Egger

Produces blue eggs, sometimes tan or pinkish cream. Excellent egg yield between 300-310 eggs per year. Feather color variable. Roosters 4.4 lbs, hens 3.5 lbs.

### 8. Sage Egger *New for 2026*

Produces large sage-colored and sometimes light or dark brown eggs. Excellent egg yield between 290-300 per year. Roosters 7 lbs, hens 5.5 lbs. Varying plumage.

Our selection of layer breeds are generally friendly and fit well into mixed backyard flocks unless noted otherwise. These breeds are also suitable for pastured or free-range settings and can handle cold temperatures. All weights listed are the average at maturity.

# Turkeys

Minimum of 5 poult per breed per order.

## Broad Breasted White

Due to their rapid growth and high meat yields, the Broad Breasted White is the most widely used turkey for meat production. As an added benefit, these birds pluck and dress well for easy processing. These birds offer optimal feed conversion rates.

## Broad Breasted Bronze

This fast grower is the best of both worlds, combining time-honored traits with modern commercial farming needs. This breed has an impressive appearance similar to wild turkeys. Suitable for growers looking to offer a unique product.

Sex	1-14	15-30	31-49	50-59	60-99	100+	500+
St. Run	\$11.90	\$11.65	\$10.20	\$9.75	\$9.40	\$9.10	Call for Pricing

## Mini Classic

This alternative turkey is a slow grower with big benefits. Its compact size makes it an attractive option for consumers seeking a manageable bird with convenient cooking times. The mini classic yields delicious and flavorful meat.

Sex	1-14	15-30	31-49	50-59	60-99	100+	500+
St. Run	\$11.75	\$11.25	\$10.20	\$9.75	\$9.40	\$9.10	Call for Pricing

## Artisan Gold

This heritage cross is a small bird with a slow grow out period. However, the longer grow out time yields rich and delicious flavors. The Artisan Gold's distinct taste is highly sought after within small and niche markets. This bird does not breed true.

Sex	1-14	15-30	31-49	50-59	60-99	100+	500+
St. Run	\$12.25	\$11.25	\$10.75	\$10.50	\$10.25	\$10.00	Call for Pricing

# Waterfowl

**Minimum of 3 waterfowl per order. Can combine geese and ducks in same order. MUST CALL TO PLACE AN ORDER.**

## White Pekin

This is a popular dual-purpose bird primarily used for meat production. The White Pekin has a feed conversion rate of 2.5 and reaches market weight quickly, weighing between 7 to 9 lbs in 40 days. For easy processing, this breed has minimal pin feathers at 7, 12.5, and 18 weeks. This breed can lay between 150-200 white or cream-colored eggs per year.

Sex	1-29	30+
St. Run	\$11.35	\$10.05
Male	\$12.30	\$10.90
Female	\$16.50	\$14.70

## Ducks

**Cannot ship less than 12 ducks or geese to Rhode Island. Must call to place an order.**

### 1. Jumbo Pekin

Largest strain of Pekin on the market. High meat yields. Mature weight between 9 to 13.5 in three months. 140-175 white eggs per year.

Sex	1-29	30+
St. Run	\$12.85	\$11.40
Male	\$13.85	\$12.30
Female	\$18.60	\$16.65

### 2. Golden Layer

Bred for max egg production of 200-290 white eggs per year. Mature weight between 4.5 to 5.75 lbs. Does not breed true.

Sex	1-29	30+
St. Run	\$11.80	\$10.45
Male	\$9.00	\$7.90
Female	\$17.20	\$15.30

### 3. Khaki Campbell

Popular heritage breed. Mature weight between 3.5 to 4.5 lbs. Up to 240 white eggs per year.

Sex	1-29	30+
St. Run	\$11.35	\$10.05
Male	\$8.75	\$7.70
Female	\$16.50	\$14.70

### 4. White Layer

Excellent egg production of 200-290 white eggs per year. Mature weight between 4.5 to 5.75 lbs. Does not breed true.

Sex	1-29	30+
St. Run	\$11.80	\$10.45
Male	\$9.00	\$7.90
Female	\$17.20	\$15.30

## More Ducks *Must call for pricing and to place an order.*

### Buff

Dual Purpose. 5 - 6.25 lbs. Up to 180 white or sometimes blue eggs/yr.

### Magpie

Dual purpose. 4.5-6 lbs. 120-180 white or sometimes blue eggs/yr.

### Cayuga

Dual purpose. 4.75 - 6 lbs. 130-180 white eggs/yr.

### Swedish

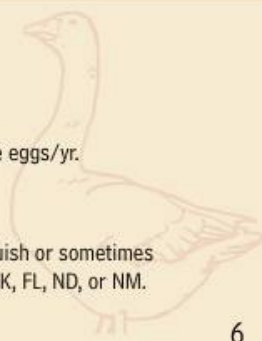

Blue and black colors available. Dual purpose. 5-6 lbs. Hardy and docile. Up to 180 white eggs/yr.

### Duclair

Dual purpose. 5-6 lbs. Up to 150 white eggs/yr.

### Mallard

Will fly away for the winter. 60-120 bluish or sometimes white eggs/yr. Cannot be shipped to AK, FL, ND, or NM.

**More Ducks**    *Must call for pricing and to place an order.*

**Runners**

Several colors available. Up to 180 bluish or sometimes white eggs/yr.

**Welsh Harlequin**

Dual purpose. 4.5-5.5 lbs. 100-150 white eggs/yr.

**Mixed Ducks**

Hatchery choice of mixed ducks. Dependent on availability. Ducks can be sexed, but specific breeds cannot be requested.

**Saxony**

Dual purpose. 6.5-8.5 lbs. 110-170 white eggs/yr.

**White Crested**

Fluffy, crested head. 6-7.25 lbs. Up to 130 white eggs/yr.

**Silver Appleyard**

Dual-purpose. 4.5-5.75 lbs. 200-290 white eggs/yr.

**White Muscovy**

Meat bird. 6.5-13 lbs. Up to 150 white eggs/yr.

**Geese**

*Cannot ship less than 12 ducks or geese to Rhode Island.  
Must call to place an order.*

**1. Embden**

The most popular goose for commercial meat production due to their large size and rapid growth. It also produces large eggs. Mature weight between 15 to 20 lbs.

Sex	1-15	16+
St. Run	\$28.70	\$25.50
Male	\$21.95	\$19.40
Female	\$47.85	\$42.70

**2. White Chinese**

These are good guard geese, known to be vocal around intruders. Good layers. This breed also has a raised knob. Mature weight between 10 to 15 lbs.

Sex	1-15	16+
St. Run	\$28.70	\$25.50
Male	\$21.95	\$19.40
Female	\$47.85	\$42.70

**More Geese**    *Must call to place an order.*

**African**

Large black knob. Needs shelter in winter. Weight 12.5 to 15.5 lbs. Meat is lean and good quality.

**Brown Chinese**

Large raised knob. Similar in appearance to the African duck. Mature weight between 9 to 10.5 lbs.

**Pilgrim**

Males and females are different colors. Friendly and great as pets. Will hatch and raise their young. Weight 13 to 15 lbs.

**Toulouse**

Popular for meat production. Harder to dress than other geese due to dark pin feathers. Will raise young. Weight 14-16 lbs.

**American Buff**

May go broody. Weight 14 to 16 lbs. Friendly. Good meat quality. Dresses and plucks well.

**French Toulouse**

Friendly and good as pets. Not suitable for exhibition. Grows fast and suitable for meat production. Weight 15 to 18 lbs.

**Sebastopol**

Unique curling feathers. Suitable for meat or orientals. Needs shelter in winter. Weight 11 to 13.5 lbs.

**Mixed Geese**

Options for mixed geese and mixed fancy geese. Hatchery choice, can be sexed, but individual breeds cannot be requested.

**French Guinea**

*Minimum of 5 guineas per order.*

Sex	15-24	25-49	50-99	100+
Straight. Run	\$7.15	\$7.00	\$5.85	\$5.25

Known as excellent guardians, guineas are often the first to sound the alarm when intruders approach. Regarded as one of the hardest birds available, guineas thrive in pastured environments and help control rodent and tick populations. Weight 4 lbs by 12 weeks and 100 eggs per year.

# Bantams *Minimum 15 chicks per order.*

-  **1. Golden Sebright**  
Small cream to pearly white eggs. 120-150 eggs/year.
-  **3. Porcelain d' Uccle**  
Small tinted eggs. 100-120 eggs/year.

# Supplements

*Free shipping for supplements.*

## 1. Dawelyte - \$7.25 ea

A water-dispersible nutritional supplement containing electrolytes and trace elements. Great to use during heat stress, as it stimulates water consumption and balance of body fluids. Use one 8 oz packet per 128 gallons of water.

## 2. StresEEZ Plus - \$9.75 ea

A water-dispersible source of vitamins, trace minerals, and electrolytes. Can be given to new hatchlings upon arrival, or any time your flock needs a boost due to illness, stress, and disease. Use one 6 oz packet per 128 gallons of water.

## 3. Gro Gel Plus DPP - \$4.50 ea

Supplement and feed attractant uniquely formulated for day-old chicks to improve their health. Contains proteins, peptides, amino acids, carbohydrates, fats, vitamins, and probiotic bacteria. Just 1 packet will treat 100 chicks.

## 4. Aqua Dee - \$55.50 ea

A water-miscible Vitamin D supplement. Great to introduce to new or susceptible poultry. Can protect your flock from mold and fungi. Also suitable for treating rickets, swollen joints, or malformed bones and beaks. 32 oz bottle.

## 5. Agro Coop Spray - \$18.50 ea

Formulated with cinnamon oil extract and advanced slow-release micro-capsule technology, this spray releases a steady, long-lasting scent that keeps your poultry house fresh. 32 oz. bottle.

## 6. AquaStart™ - \$9.25 ea

### Hydration Supplement & Feed Attractant

AquaStart® is a high-moisture gel bead formulated to support early hydration and feeding in day-old poultry. Sprinkle it over starter feed as soon as chicks or poults are placed into their brooder to give them an immediate, appealing source of moisture and nutrients. AquaStart encourages quick feed and water discovery, helping young birds get off to a strong, healthy start. One 100 g bag treats about 100 chicks or 60 poults.

# Chick care & tips

***Remember to wash your hands after touching poultry.***

## ***Post Office Pickup***

Notify your post office that you are expecting live animals. Your post office will call you when your birds arrive. Upon pickup, protect your chicks from drastic fluctuations in temperature (no direct air conditioning or heat) and ensure they are kept out of direct sunlight. Put your chicks in the brooder as soon as you arrive home.

## ***Water***

Chicks need to hydrate after arrival. Teach your chicks how to drink by gently dipping their beaks into room temperature water. Ensure that your waterer is shallow or filled with rocks to prevent drowning. Adjust the waterer height for your chicks as they grow.

## ***Bedding***

We recommend 2-4 inches of pine shavings. Other options like newspaper, sawdust, or cedar are harmful to your chicks. Make sure your pine shavings are dry and free of mold before use.

## ***Warmth***

Infrared heat lamps are ideal. Keep your chicks at a steady 90-95 degrees for week one. Use a thermometer to check the temperature at floor level. Lower the temperature by approximately 5 degrees each week until your chicks are 6 weeks old, at which point you can start weaning them off external heat.

## ***Brooder Space***

Set up your brooder prior to arrival. Your brooder and brooder area should be dry, pest-free, and draft-free. Ensure that the brooder as well as your enclosure have been thoroughly cleaned and disinfected prior to chick arrival.

## ***Feed***

Use a chick starter feed that is compatible with your type of bird. We recommend medicated feed if you choose not to vaccinate your chicks against Coccidiosis. Make sure food and water is plentiful and not directly under the heat source.

## **Policies**

**Payment Policy:** Full payment is required before orders can be shipped. We accept money orders, ACH, checks, and credit cards. Credit cards we accept include Visa, Mastercard, and Discover. If your order can't be fulfilled, payment will be refunded. All prices are subject to change without notice. Other products and poultry may be available that are not currently listed—please call Myers Poultry directly for availability.

**Our Guarantee:** We offer guaranteed live deliveries with replacement or refund on loss during shipment. At no time will our guarantee exceed the original purchase price. All death loss must be reported within 48 hours of delivery for guarantee to apply; photos may be required. Customers are responsible for proper environment and care upon arrival to maintain bird health.

90% accurate true to sex on sexing of birds. Please report sexing errors to us as soon as possible.

**SAFE HANDLING OF POULTRY:** The Purchaser understands and agrees that the handling of poultry or live birds may result in contamination or disease, including but not limited to any strains of salmonella. The Purchaser is advised to follow recommended safe handling practices, including thorough handwashing after contact with live birds or their environment, to reduce the risk of contamination or disease transmission.

The Purchaser also understands and agrees that the Goods and/or Services described are being sold in an "as is, where is" condition, with no warranty for any purpose or condition. The Purchaser accepts all risks and hazards associated with the purchase of all Goods and/or Services from Myers Poultry Farm LLC (hereinafter the "Seller") and agrees that the Seller's liability for any claim related to the Goods and/or Services shall not exceed the original purchase price of the Goods.

The Purchaser shall indemnify and hold harmless the Seller against any and all costs, loss, and liability, including, without limitation, attorneys' fees, for all personal injury and/or property damage caused by any of the Goods and/or Services provided or performed by the Seller, including all claims based upon the alleged fault of the Seller, whether or not also based upon the alleged fault of the Purchaser. Such indemnification shall also include the Seller's employees, agents, and representatives, whether such Goods and/or Services were provided or performed on the premises of the Seller or the Purchaser or elsewhere.

The Purchaser shall defend, at the Purchaser's sole cost and expense, any action or claim for personal injury or property damage brought against the Seller by a third party exposed to the Goods and/or Services. By proceeding with the purchase, the Purchaser acknowledges and agrees to the terms outlined herein.

**Cancellation:** For all cancellations, there will be a cancellation fee of 10%. This fee will be deducted from the total purchase amount. The fee applies to all orders regardless of the amount of time before shipment date. We cannot cancel an order on the day of hatch.

**Partner hatcheries:** Myers Poultry uses partner hatcheries to fulfill some orders. Some of these hatcheries are located outside of Pennsylvania.

Preferred Date	Breed	Sex (SR, Males, Females)	Qty	Price	Total Amount Due
<b>CORNISH CROSS ONLY:</b> Remove Marek's and IBD Vaccine +\$0.10 per chick					
<b>CORNISH CROSS ONLY:</b> Add Coccidiosis Vaccine +\$0.22 per chick					
<b>LAYERS:</b> Add Marek's Vaccine + \$0.50 per layer chick					
<b>OTHER MEAT BIRDS:</b> Add Marek's Vaccine +\$0.18 per meat chick					
<b>Shipping:</b> Allow 1 to 3 days for your order to arrive at your local post office. Be prepared to pick up your chicks as soon as possible. It is best practice to notify your post office ahead of time that you are expecting an order of live poultry. <b>Comments on Shipping:</b> We will try to fill order by dates preferred but sometimes we may have to move your ship day due to unexpected circumstances. If this happens you will be notified. Also, ducks cannot be shipped to PO boxes. <b>Marek's Disease</b> is caused by a virus which can lead to progressive paralysis, organ failure and death. There is no treatment for infected birds, though vaccination can be given prior to shipping to defend against this disease.		<b>Availability Dates:</b> Cornish Cross      Year-round Red Sasso            Year-round Alternative Broilers    CALL Turkeys                Feb. - Sept.
